1. Genre

Action, Shooting, and Multiplayer

2. Style of Game

- Call of Duty: Mobile is a 3D shooting game that can be played with other players online. It has different modes like Team Deathmatch, Search and Destroy, and Battle Royale. Players can use different guns and equipment while playing.

3. Name of the Game

- **Call of Duty: Mobile**

4. Story / Gameplay Summary

- Call of Duty: Mobile is a shooting game where players fight against other players. Each mode has a different goal. In Team Deathmatch, the team with more kills wins. In Battle Royale, players fight until only one player or team is left. I enjoy the game because there are many guns, maps, and game modes. I also like playing with my friends because we can play together and help each other win.

5. Personal Reflection

- I chose Call of Duty: Mobile because it is one of the games I like to play. I enjoy it because it is fun and exciting. I also like playing with my friends. Playing this game taught me about teamwork, communication, and patience. I learned that practice can help me get better. As a future game developer, this game inspires me to learn how games are made and how to make a game fun for players.
